

## Задание 1.1 ИСР

1.

```
admin1@ubuntu: ~/Desktop/grav-test
admin1@ubuntu:~/Desktop/grav-test$ touch Dockerfile
admin1@ubuntu:~/Desktop/grav-test$ ls Dockerfile
```

2. <https://github.com/getgrav/docker-grav>

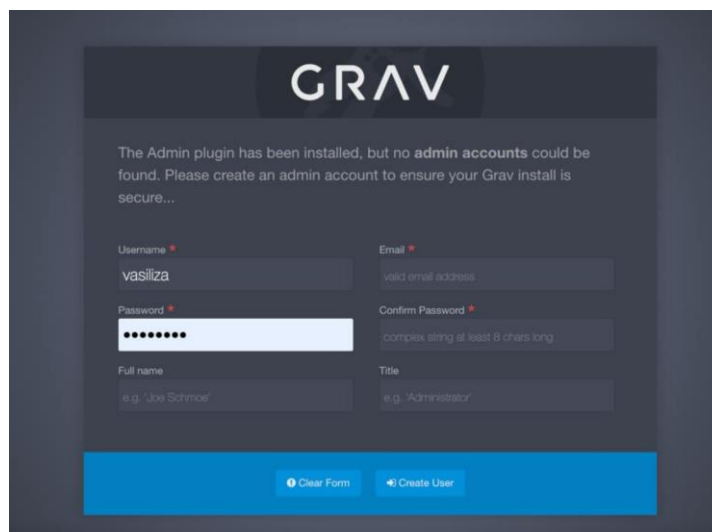

3. Скопируем с гитхаба текст из докерфайла

```
admin1@ubuntu:~/Desktop/grav-test$ nano Dockerfile
```

4.  
5. Скопируем с гитхаба текст из readme.md

```
admin1@ubuntu:~/Desktop/grav-test$ touch docker-compose.yml
admin1@ubuntu:~/Desktop/grav-test$ ls
docker-compose.yml  Dockerfile  Dockerfile.save
admin1@ubuntu:~/Desktop/grav-test$ touch docker-compose.yml
admin1@ubuntu:~/Desktop/grav-test$ ls
docker-compose.yml  Dockerfile  Dockerfile.save
admin1@ubuntu:~/Desktop/grav-test$ nano docker-compose.yml
```

7.  
8. Скачаем grav-admin [Installation | Grav Documentation](#)  
9. После установки копируем папку и вставляем в нашу рабочую  
10. Запускаем Docker  
11. Заходим на локальный сервер

The image shows the Grav Admin web interface. At the top, the word "GRAV" is displayed in large white letters on a dark background. Below it, a message states: "The Admin plugin has been installed, but no admin accounts could be found. Please create an admin account to ensure your Grav install is secure...". The main part of the interface is a form for creating a new user. It has two columns of input fields. The left column contains fields for "Username" (with the value "vasiliza"), "Password" (masked with dots), and "Full name" (with the value "e.g. 'Joe Schmoe'"). The right column contains fields for "Email" (with the placeholder "valid email address"), "Confirm Password" (with the placeholder "complex string at least 8 chars long"), and "Title" (with the value "e.g. 'Administrator'"). At the bottom of the form, there are two buttons: "Clear Form" and "Create User".
